Will the repair company be on site at the time of the inspection?

☐ Yes

☐ No

Repair Company Name:

Please enter the numbers displayed below to help us reduce auto-generated spam.

Comments

At the time of scale inspection please make sure that:

1. the scale is installed in a rigid and level manner,
2. the display and printer are connected and operational
3. belts leading to the scale are connected and operational (not applicable to platform and hanging scales),
4. test weights and test weight certification documents are available for inspection (platform scales only),
5. a crew member will be available to help the inspector transport test materials and conduct the testing.
